SUMMARY:

Enthusiastic BCA student with a strong foundation in programming, **data analysis**, and **system design**.

Currently pursuing **AI/ML** certification from **IIT Guwahati**.

Seeking to begin my career as a **Systems Associate at Infosys**, contributing to digital transformation projects through analytical thinking, teamwork, and technical expertise.

TECHNICAL SKILLS

- **Languages:** Python, Java, C++, C, PHP
- **Web Technologies:** HTML5, CSS, JavaScript, ReactJS, Node.js
- **Database:** MySQL, PostgreSQL
- **Tools:** VS Code, IntelliJ IDEA, Jupyter Notebook
- **Data Skills:** Power BI (Dashboard), Excel, Data Cleaning & Data Handling.
- **Other Skills:** Team Collaboration, Documentation, Presentation

PROJECTS

Project 1: Advocate AI – Company Website Development (Deployed)

- Developing a responsive company website with **Team Collaboration** using **PERN Stack with collaborative development**.
- Focused on clean UI/UX, form validation, and secure authentication flow.
- **About:** Developed a legal consultation platform with chat and video call system. Implemented authentication, messaging, and responsive UI.
- **Link:** <https://advocateai.in/>
- **GitHub repo:** <https://github.com/Anurag-sharma11/Advocate-AI>

Project 2: Mental Healthcare Prediction – Group Internship Project

- Cleaned and processed Kaggle dataset, implemented **Logistic Regression & Random Forest** achieving 98% accuracy.
- Documented insights and presented to faculty panel, showcasing teamwork and analytical abilities.

Soft Skills

- Analytical & Logical Problem Solving
- Adaptable to New Technologies
- Effective Communication & Collaboration
- Strong Time Management
- Eager to Learn and Upskill Continuously

EDUCATION

Bachelor of Computer Applications (BCA - Data Science)

Institute of Information Technology & Management, GGSIPU | 2023 – Present

CGPA: 9.0 – 9.1

AI/ML Certificate Program – IIT Guwahati (Ongoing)

12th (CBSE): 88% | 2023

10th (CBSE): 88% | 2021
